REMARKS / ARGUMENTS

Drawings:

Furnished drawings are withdrawn. Specification as originally filed is a full clear concise description, that an expert in the field would not deem drawings necessary in order to aid in the understanding of the invention.

Specification:

All previous amendments are withdrawn. Specification as originally filed is a full clear concise description of the invention. Readily understandable by an expert in the field.

Claims:

All previous amendments are withdrawn. Claims and their wording provide the legal framework for the protection of the invention from infringement. Claim as originally filed is a full clear concise description of the invention.

The examiner has made a request for the viewing of the invention. Examiner has failed to answer particulars as to how or where he proposes to make said viewing or to provide instructions for the safe transport to and from designated examination location.

Please see page titled "Version with markings to show changes made"

Applicant requests that a timely notice of allowance be issued .
